Hi All,

As per our meeting today, attached you will find an outlook/vision of what these "academy's" would look like and some proposed dates. The dates selected for the workshops are based off of engaging participants before projected graduation dates. Also note that graduate services should engage these participants 3 months before graduation (during mandatory meetings and one on one meetings). Let me know if we need additional details.

Very interesting reading. Would love your input and support for Goodwill and BOT. I'd love to replicate this at Goodwill, start with BOT clients and roll it out to Goodwill in general. It would require financial investments of at least \$350k/yr
